Chapter 1 by Nataly Cisneros

This all started when I moved to my new house. I lived on Hamilton st. I heard people say that the neighborhood was hunted. At first i didn't believe them, but once i saw the house i could tell it was true. I still don't know why my parents would want to buy a house like that. But i have to live there anyways. And i think i was going to be stuck in that house for EVER!!! We just finished moving in. The house was big but scary and old. It looked like people died in here. I don't know what to believe in know. The only thing I know right know is that i'm scared to death. The other bad thing is that i sleep in the upstairs room and my parents sleep downstairs,same with my brothers and sisters. So i'm alone in a haunted house at night!!!
